Phnom Penh, 24 April, 2024

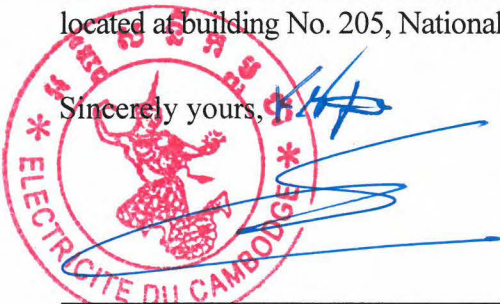

## NOTICE

**Electricité du Cambodge (EDC)** honorably inform the public that under the highest consideration of improving the level of living standard of the population in rural area, RGC has the willingness to manage and strengthen the development of electricity sector in order to “reach and achieve sufficient, sustainable, reliable, quality and affordable electricity supply for all categories of consumers throughout the Kingdom of Cambodia”. EDC has continuously provided grant to the Department of Rural Electrification Fund (hereinafter referred to as the “REF”) in order to continuously implement “**Power to the Poor Program**”. This program is on-going program from 2013 and will also be implemented in 2024. The purpose of this program is to facilitate the poor households in rural areas to have access to electricity for their houses from licensees connected to grid supply. Under this program REF provides the electric materials for the in-house wiring and the wires from the connection point of meter to house of the rural households as donation and the rural households need to pay the costs for connection fees, deposit for the usage of electricity and labor for the installation of wires from the connection point of meter to its house and labor for the installation of in-house wiring.

In order to implement this program more effectively, Please Mr / Mrs, the electricity licensees collect the number of rural households and submit a horizontal axis (X) and a vertical axis (Y) of the digital location (WGS 1984) to REF for reviewing their eligibilities and then offering as a package.
